FY25 – Embedding Gains

In the first five months of FY25, Anagenics has:

- Rationalised the brand portfolio, which has improved profitability and working capital management
- Signed a multi-year exclusive agreement with Sydney-based York Street Brands for access to Anagenics' hair regrowth technology and products, targeting a minimum \$4.4m over 10 years
- Disposed of the loss-making Face MediGroup, which has reduced Group overheads and complexity
- Largely completed the operational restructuring, **with benefits including annualised cost savings of \$2.5m**
- Monetised royalty agreements, and targeting new agreements, **with the first \$200k in royalties received from YSB**
- **Received \$340k of short-term funding in October 2024**

Management and the board are focused on building on these gains in order to entrench long-term profitability and maximise shareholder value, alongside lifting the suspension of the company's shares
